Re: An urgent request for an appointment to discuss  
the plight of Dr. Amir H. Shervin

Once again, I am writing to you regarding the injustices and subsequent suffering that have befallen Dr. Amir Hussain Shervin and his family.

For seventeen years, I have witnessed the preventable tragedy that has engulfed his life. Dr. Shervin's ordeal began shortly after his arrival in this country thirty-seven years ago. The responses we have received from all of our communications to the three branches of government in both Washington and Sacramento seeking remedy have been discouraging, to say the least. Sadly, our previous letters to your office have received no responses at all. It is deeply disturbing to think there is such indifference at the highest levels of public office.

Once again, I am enclosing a petition that we are currently circulating on Dr. Shervin's behalf. We stand as one in our support for this family and their courageous struggle. We continue to believe that as long as there is life and breath, it is not too late to address these on-going wrongs and make them right. In the name of God we beg your assistance in this dire matter. Any assistance your staff might provide would surely be on the side of the angels. God bless you this Holy Season.

Most respectfully,  
  
Rev. Robert J. Current
